## EXPERIENCE

### Art Director

- Collaborated with the Production Designer, Director and all departments to conceptualize and develop designs and solutions, translating abstract ideas into cohesive visual narratives and fully realized sets.
- Performed comprehensive location assessments and contributed to early design planning.
- Built, tracked, and managed detailed construction and labor budgets to support the design vision, maintaining project schedules and keeping all deliverables within scope.

### Art Director

- Directed the full art department, guiding set design, graphic design, construction, paint, and props from concept to execution.
- Collaborated across wardrobe, special effects, visual effects, production, camera, and set decoration to ensure every set was cohesive, completed on-time and camera-ready.
- Guided projects through shifting scopes while safeguarding the creative vision and on-time delivery.

### Assistant Art Director

- Supported Art Directors with sourcing and procurement of period correct hardware and fixtures, ensuring alignment with design intent, timelines, and high standards.
- Developed detailed technical specification packets and organized work lists to streamline project execution and maintain clarity across design phases.

### Assistant / Locations Art Director

- Directed multiple sets - led the construction and paint department to build location sets with precision.
- Communicated regularly with the construction coordinator and crew, discussing progress, setbacks, and upcoming deliverables.
- Fostered collaboration and maintained high levels of communication among all departments to guarantee the seamless progression of projects, resulting in successful and timely outcomes.

### Assistant Art Director

- Assisted Art Director and Production designer with all needs as they arose.
- Created and maintained inspiration decks with locations and design intent.
- Produced work lists and maintained organization of construction and design deliverables.

### Interior Designer

- Drew plans, rendered elevations, and created design boards for clients and contractors.
- Met with, led presentations and designed client homes and remodels.
- Organized and scheduled contractors, vendors, artists and movers for installs.
- Placed orders, tracked and updated clients as work progressed.

### Marketing & Management

- Managed coordination of vendors at ticketed sporting events.
- Scheduled and ran weekly events in the Harvard community.
- Planned and executed creative marketing campaigns to increase fan turnout.
